Chief, L6

SUBJECT: Letter of Appreciation

1. I want to express my appreciation for the outstanding support your graphics staff has provided the SIGINT Committee over the past few months as we were revamping our briefing aids. Their efforts have allowed us to construct a briefing which conveys both the facts and the spirit of our message, and helps us express that message to our customers with the eloquence and precision we could not have achieved on our own.

2. We all admire the original creativity demonstrated by the computer-assisted graphics and especially the original art work in the viewgraph, "SIGINT Committee....Maintains The Balance."

3. I want to express particular thanks to [redacted] of L2310 who represented your office, explained your capabilities, critiqued our ideas, offered better ones, and ensured that we always received what we needed rather than what we requested. We're grateful for her help.
